EDUCATION

University

JAGRAN LAKECITY UNIVERSITY
2023 - 2027
B.Tech CSE (AI/ML) Pursuing

AWARDS & CERTIFICATIONS

- Smart synergy Hackathon - By Career College
- National Student conference RAEMPS - By SIRT college

SKILLS

- **Technical Skills:** Python || C || SQL || Data Analysis || Machine Learning
- **Libraries & Tools:** Pandas || NumPy ||OpenCV || Scikit-learn || Jupyter Notebook
- **Core Concept:** Data Structure || DBMS
- **Soft Skills:** Problem Solving || Teamwork || Communication

PROFILE

B.Tech CSE (AI/ML) student with hands-on experience in Python, Machine Learning, and Data Analysis, along with practical knowledge of Data Structures and DBMS. Founder of an animation and YouTube automation agency, managing end-to-end video production and leading a creative team. Developed a Smart Attendance System using face recognition, showcasing strong problem-solving and technical skills. A proactive individual with good communication, teamwork, and project management abilities, actively participating in hackathons and technical conferences.

WORK EXPERIENCE

RUNNING AN AGENCY
CREATE WITH ARYAN
January 2025 - Present

- Run a full-service animation agency delivering end-to-end YouTube video production (script to final edit)
- Lead and manage a team of animators, editors, and voiceover artists while handling multiple projects
- Work directly with clients to ensure quality, revisions, and on-time delivery

PROJECT EXPERIENCE

Smart Attendance System Using Face Recognition

- Developed a Smart Attendance System using Python that automatically manages student registration, marks attendance, and stores records through a simple user interface. The system uses an SQLite database to securely save data and ensures efficient and accurate attendance tracking.
